SUMMARY

I am a passionate 3D artist and motion graphics enthusiast, skilled in blending creative storytelling with cinematic visuals. With a strong foundation in Blender, I bring ideas to life through 3D animation, color grading, and scene direction. Eager to collaborate with studios, brands, and creators, I aim to contribute fresh perspectives and innovative solutions while learning from industry professionals.

SKILLS

3D Modelling (Blender) · Animation · Color Grading (Blender and Davinci Resolve) · Visual Storytelling · Cinematic Visuals · Product Visualisation · Camera Angle and Scene Composition · Concept Art and Referrence Building · Creative Direction for Shoots
